## Portable Mini Bulk– 290 Ultra Series

West Cryogenics is offering a new lower price for a new 290 Ultra Series (65 psi) while supplies last.

Price: \$13,751

\*FOB West Cryogenics

The affordable 290 Ultra Series delivery vessels are designed to provide you exceptional value and years of reliable service. The unique "Sprinter" design allows convenient side access for tanks installed lengthwise in vans, trailers, or Sprinters. The compact 290 design is perfect for box truck installations giving you extra range without consuming more cargo space. Dual fill connections are standard with all Ultra Series models.

## Rehab Bulk Tanks: MVE 119, 100 psi

West Cryogenics is offering a new discount price for each of the three rehabbed MVE 119 Tanks.

(1) MVE 119 /100 psi dual fill. Completely rehabbed - \$4,500.00

(1) MVE 119 /100 psi single fill. Complete rehabbed - \$4,500.00

(1) MVE 119 /100 psi single fill. Rehab upon purchase of tank. \$4,500.00

\*FOB West Cryogenics

\*Price is for tank only

All parts used for rehabs are cleaned for oxygen service to CGA-4.1 standards and are tested with medical grade Nitrogen. Standard rehab services include a 1 year vacuum warranty. Upgrade options, such as van or cargo truck installation are available at extra charge.

## GORilla– 500 Gallon and 850 Gallon, 250 psi

West Cryogenics is offering a new lower price for a new 850 Gallon (250 psi) GORilla while supplies last.

850 Gallon Price: \$36,000

500 Gallon Price: \$30,000

\*FOB West Cryogenics

\*Price is for tank only. Pictured with upgraded options.

GORilla is a uniquely versatile cryogenic liquid vessel system featuring everything you need for portable, temporary, or permanent liquid or gas delivery, storage and use. GORilla can be trailer, truck or skid mounted to meet your requirements for a wide variety of applications. And best of all, since all the standard features shown are built-in, GORilla gives you the flexibility to move from one application to the next with a minimum of effort and almost no new investment.

West Cryogenics manufactures the GORilla, Ultra and Dragon Product lines in Willis, TX USA
